DETAILED ACTION

Election/Restrictions

1. Applicant's election without traverse of invention of Group II, claims 8-17 in Paper No. 10 is acknowledged.

Claim Rejections - 35 USC § 112

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 8, 10, 15 and 16 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Regarding claim 8, the phrase "receiving the gas" needs to be replaced with --configured to receive the gas-- to eliminate reference to method of operating the apparatus.

Regarding claim 10, the same is applied to claim 8 to the phrase "introducing".

Regarding claim 15, the phrase "reactive species" lack antecedent basis.

Regarding claim 16, the phrase "the reactive species" lack antecedent basis.

Claim Rejections - 35 USC § 102

4. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

5. Claims 8-17 are rejected under 35 U.S.C. 102(b) as being as clearly anticipated by ROGERS et al. (6,139,694). See Fig. 1; abstract; col. 3, line 61 through col. 54; col. 5, lines 27-55; col. 2, lines 27-32; and claim 1. Further the anticipation of the above claims is based on the dismissal of the petition that the instant continuation application was not timely filed (the last three lines of the

first paragraph in page of the dismissal), and on the filing date of the application on November 15, 2003 which is more than a year from ROGERS '694.
